2006 marked the 55th Anniversary of American Women in Radio and Television (AWRT) Inc., the longest established professional association dedicated to advancing women in media and entertainment. AWRT carries forth its mission by educating, advocating and acting as a resource to its members and the industry at large. Founded in 1951, AWRT works to improve the quality of electronic media; promote the entry, development and advancement of women in the field; serve as a medium for communication and idea exchange; and become active in community concerns.

About The Foundation of AWRT: The Foundation of AWRT is the philanthropic arm of American Women in Radio and Television, supporting educational programs, charitable activities, public service campaigns and scholarships to benefit the public, the electronic media, entertainment and allied fields. The Foundation of AWRT has created strategic alliances and joint initiatives with the National Middle School Association, Emma Bowen Foundation, and the American Red Cross among others. The Foundation of AWRT supports several public service campaigns including most recently AWRT Empowering America, a radio PSA campaign which pays tribute to many of America's most pioneering and inspiring women. Through this initiative, the Foundation of AWRT has adopted urban middle schools around the country and provided educational donations derived from collateral based on the Empowering America program. The Foundation also produces nationally acclaimed recognition programs including the Gracie Allen Awards, a live, New York-based gala that recognizes exemplary programming created for, by, and about women.
